

The Red Hot Inconvenient Truth

Is Mike Freeman

working on a back door hostile takeover of Jericho The City of Praise!?

Fellow Believers in Jesus the Christ,

We are asking that brothers and sisters in the faith from across the world PRAY for our Church. We have been in a battle of spiritual warfare for some time now. We are weary, but the TRUTH sustains us.

If we had not lived through it, we would not believe it ourselves. It actually sounds like the plot for a sensational Tyler Perry film. This nightmare began when the pastor of another church began worming his way into our church business.

As our beloved Apostle lay dying of cancer, Six Employees (including the janitor and her secretary) claimed to be the elected board of the church and from that moment on, they began hatching a plan to take over the church. They claimed that as Apostle lay dying unable to communicate (in the middle of the worst economic depression since 1929), she gave them raises in excess of \$20,000. They claim that she appointed them to the board and removed Chairman William Meadows and Anne Wesley who had been on the board for 40 years. They claim that as she lay dying, she removed her only surviving son from the board!!! **THEY EXPECT US TO BELIEVE THIS!?**

We all know that Apostle was a competent businesswoman. She knew the proper way under the law to change the board and this was not done legally. Apostle was compromised both physically and mentally, as any cancer patient would be. They took advantage of her. They had her sign a contract giving them the authority to fire her! PEOPLE anyone who stood in Apostle Betty Peebles' presence for 30 seconds knows that she would NEVER EVER sign a document giving the janitor and her secretary authority over her!!!

The only question that the court is answering is was Pastor Joel Peebles a member of the board. There are mountains of documents (including their own depositions), which prove that Joel Peebles was and is a member of the board. That's why the court of special appeals overturned the lower court decision.

At <http://www.peopleofpraisemd.com> we have PROOF of this and other deceptions. The proof includes their depositions. Most important is that in their depositions, they admit that Pastor Joel Peebles had long been a member of the Board of Trustees and they admit that their treatment of Pastor Joel was underhanded. Their depositions also state that they are being paid for work that they do not perform. They say that Apostle did not trust them. The proof includes pictures, which are too gruesome to show of Apostle Betty when they and the Freeman's were supposed to be taking such good care of Apostle. Apostle would not have bedsores the size of a man's fist, if she had been receiving such good care. Why was Apostle checked into a hospital under the name Betty Wooten (Dee-Dee Freeman's maiden name)? This made it even harder for the Peebles Family to find their dying mother/grandmother!!!

Now they are making plans to turn our property over the Mike Freeman. We have consistently asked that they tell truth about what they have done with our tithes and offering AND tell the truth that they were never ever elected as they stated state in court documents.

In the Name of Jesus The Christ, We Pray That The Truth Be Revealed,

Members of The City of Praise Church (Formerly Jericho)

The Red Hot Inconvenient Truth

Fellow Believers in Jesus the Christ,

KNOW THE TRUTH ABOUT JERICHO (THE CITY OF PRAISE)

When The Peebles Family could not find Apostle Betty Peebles, she had been admitted to the hospital under the alias of Betty Wooten. Dee-Dee Freeman's maiden name is Wooten.

Apostle Betty Peebles' will was changed to significantly reduce the inheritance of her grandchildren and leave her financial legacy to Rogue Board Members and the Freemans. These changes were made when no one with the last name Peebles had access to her.

The Rogue Board filed Court documents saying they were elected by the church members. This is NOT TRUE. No such election took place.

The Rogue Board claimed that Joel Peebles was not on the board. Countless official Jericho church documents, State and Federal documents prove that Joel Peebles was not only a board member but was Vice President to Apostle Peebles.

The most recent decision by the Maryland Special Court of Appeals gives us full rights to return to our spiritual home. The Rogue Board actually launches physical and verbal attacks that make it hostile and unsafe for us to return. **VIDEO PROOF AT <http://www.peopleofpraisemd.com>**
